SUMMARY

Master's graduate in Global Marketing with hands-on experience analysing business performance, translating data into actionable insights, and building trust-based relationships with stakeholders in cross-functional, client-facing environments. Practical, critical use of generative AI tools in a professional context. Curious, proactive, and comfortable bringing structure to ambiguous problems while learning new tools and processes quickly.

PROFESSIONAL EXPERIENCE

Operations & Project Support – Boston Consulting Group (BCG) | Lisbon (Nov 2024 – Present, Full-time)
BST | LCC | EMESA

- Support project coordination and delivery across international teams, bringing structure to complex, time-sensitive workflows.
- Manage detailed reporting and budget-tracking processes exceeding €20K+/month, ensuring accuracy and attention to detail.
- Act as a reliable point of contact between multiple stakeholders, facilitating clear and consistent communication across functions.
- Apply generative AI tools daily to support research and reporting tasks.
- Co-found and coordinate two internal communities: a 60-person running group, and a 60-person expats community supporting new colleagues' integration into BCG and life in Lisbon.

Business Analyst – Cisco Systems | Lisbon (May 2024 – Sep 2024, Full-time)
Contactability Project – CX EMEA

- Analysed business performance across a portfolio of 250+ customer accounts per month, identifying trends and translating data into actionable recommendations.
- Built weekly KPI dashboards in Excel and Power BI to monitor success metrics and support customer-centric strategies.
- Delivered insights-led reporting and presentations to Sales and Digital CX stakeholders, acting as a trusted point of contact across EMEA markets.
- Optimised Salesforce CRM datasets, improving data quality and contact accuracy by 30%.
- Collaborated cross-functionally with Sales, Customer Success and Digital teams to support growth initiatives.

Business Development Intern – Gas Studio Ltd. | Milan (Jun 2023 – Sep 2023, Full-time)

- Managed the Salesforce lead pipeline end-to-end, tracking and qualifying inbound prospects across digital channels.
- Conducted market and competitor research to support commercial positioning.

Marketing Intern – Eigenmann & Veronelli | Milan (Jun 2022 – Sep 2022, Full-time)

- Conducted B2B market and competitor research to support branding and positioning initiatives.
- Assisted in preparing commercial and marketing materials.
